Industry Visit Report

Industry visit to Mars Therapeutics Private Limited was conducted on 28th July 2017 for M.Pharm students. About 40 students were taken to the industry accompanied by two faculty. Students were guided by Mr. Sri Hari Babu, Production manager of the company. The company has excellent production facilities for manufacturing tablets, capsules, pelletization, packaging and QC facility. The company facilities are approved by WHO GMP. Students were detailed on various unit operations and equipments like FBD, mixers, blender, pelletizer, and blister packaging machines and were shown during operation. This visit has enriched the students with knowledge on various pharmaceutical unit operations.

The visit was co-ordinated by Prof. Dr. P. K. Lakshmi and Mr. Ravikumar, Asst.Professor.
