

Technical training program for pharmacy students of OMDURMAN ISLAMIC University, Sudan

G.Pulla Reddy College of Pharmacy organized a Weeklong training program on industrial pharmacy from 24th Feb to 1st March 2014 at college premises. The program was coordinated by Dr. A. V. Srikanth, Principal, Government Polytechnic, Yadagirigutta, AP. The training program was aimed at providing insight into industrial pharmacy aspects. The program was inaugurated by Prof. Dr. B. Madhavareddy, Principal, G.Pulla Reddy College of Pharmacy, Mehdipatnam, Hyderabad and Dr. A.V. Srikanth. The hospitality arrangements of the trainees were looked after by Smt. Prema Kumari Srikanth.

25 pharmacy students of OMDURMAN ISLAMIC University from Sudan participated the training. The students were given practical hands-on training in tablet compression process, HPLC, and formulation of nanocarriers. They were given lectures on various theoretical aspects of solid dosage form production process, In-process quality control tests, quality assurance, method development using HPLC, preformulation, ICH guidelines, Investigational new drug application, New drug application, and therapeutic drug monitoring were discussed in detail. The lectures were given by senior professors such as Dr.P.K.Lakshmi, Dr.B.Veeresh, Dr.Padmavathi, Dr.K.Latha and Mrs. D. Prasanthi of G.Pulla Reddy College of Pharmacy. An interactive session was held after each session between teachers and students on various topics. As a part of this training program students visited NATCO pharma limited, Kothur, Hyderabad. The Feedback from the students and faculty on the training program were encouraging.

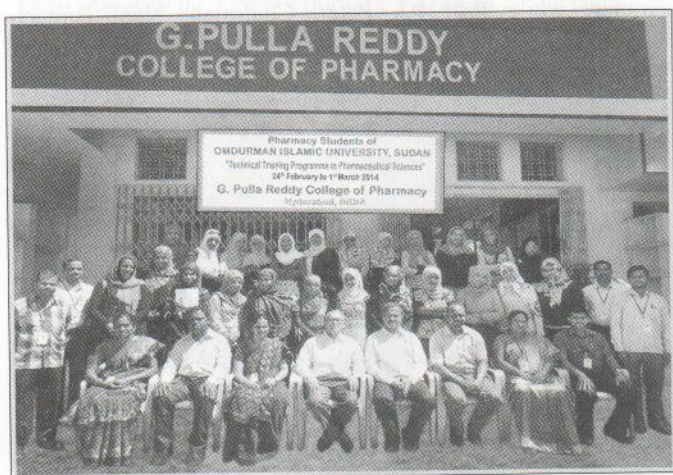

The program ended with a happy note and certificate distribution by Prof. Dr. B. Madhavareddy, and Dr.A. V. Srikanth. Dr. P. K. Lakshmi proposed vote of thanks.

Training Program for Pharmacy Students from Sudan Conducted by GPRCP

HYDERABAD: A week-long technical training program on “**Industrial Pharmacy**” was organized by G. Pulla Reddy College of Pharmacy (GPRCP), Hyderabad from February 24 – March 1, 2014 at the college premises. The program was inaugurated by Prof (Dr) B. Madhava Reddy, Principal, GPRCP; and the coordinator, Dr A.V. Srikanth, Principal, Government Polytechnic, Yadagirigutta, Andhra Pradesh.

Around 25 pharmacy students from Sudan’s Omdurman Islamic University participated in the training, which provided insights into the aspects of industrial pharmacy. The international students were given practical hands-on training in tablet compression process, High Performance Liquid Chromatography (HPLC) and formulation of nanocarriers. They were also given lectures on various theoretical aspects of solid dosage form production process, in-process quality control tests, quality assurance, method development using HPLC, preformulation, International Conference on Harmonization (ICH) guidelines, investigational new drug applications, new drug applications and therapeutic drug monitoring. The lectures were delivered by senior professors of the College; chiefly among them were Dr P.K. Lakshmi, Dr B. Veeresh, Dr Padmavathi, Dr K. Latha and Ms D. Prasanthi. An interactive session after each lecture was also conducted between teachers and students. As part of the training program, the international students also visited Natco Pharma at Kothur, Hyderabad. The College was overwhelmed by the encouraging feedback received from both students and faculty regarding the training program.

The workshop ended with distribution of certificates to all the students by Prof Madhava Reddy and Dr Srikanth. Finally, Dr P.K. Lakshmi, Professor, GPRCP proposed vote of thanks.
