CHAIRMAN'S DESK

It gives me immense pleasure to address through the present edition of Pharma Flair 2026, which captures the academic vibrancy, achievements, innovations, and accomplishments of our students and faculty. More than a collection of events, this newsletter represents the collective spirit of our institution and our continued pursuit of excellence in pharmaceutical education.

Since its establishment in 1995, G. Pulla Reddy College of Pharmacy has remained committed to nurturing competent, ethical, and socially responsible pharmacy professionals. Inspired by the values and vision of our founder, Late Shri G. Pulla Reddy Garu, we strive to create an educational environment where knowledge is complemented by discipline, compassion, integrity, and a strong sense of social responsibility.

I sincerely appreciate the dedicated efforts of our Principal, Faculty members, students and non-teaching staff.

As we move forward, let us remain committed to our core values while embracing innovation and emerging opportunities. May our students continue to learn with purpose, lead with integrity, innovate with courage, and serve with compassion.

I extend my sincere appreciation to everyone who has contributed to this edition and my best wishes for its continued success.

With warm regards,
Sri. P. Subba Reddy
Chairman

PRINCIPAL'S PEN

Dear Students, Faculty Members and Alumni,

I am delighted to present the latest edition of our college newsletter, showcasing the dynamic academic achievements and co-curricular activities of our institution.

The achievements highlighted in this newsletter are a testament to the enthusiasm and dedication of our students and faculty. I congratulate everyone who has contributed to these accomplishments and encourage the entire college community to continue striving for higher standards.

I take this opportunity to appreciate our dedicated faculty members for their continuous efforts in fostering, mentoring, and guiding our students. Their commitment to teaching, research, innovation, and professional development is instrumental in creating an enriching academic environment.

I also encourage our students to make the most of every opportunity provided by the institution—whether it is classroom learning, laboratory research, clinical exposure, internships, seminars, conferences, skill-development programmes or community engagement.

May our institution continue to empower competent, responsible, and compassionate pharmacy professionals who make meaningful contributions to society and healthcare.

My best wishes to all for continued success and excellence.

Prof. Dr. B. Madhava Reddy, M.Pharm, Ph.D

ALUMNI VOICES - WORDS OF INSPIRATION

"G. Pulla Reddy College of Pharmacy taught me every aspect of pharmacy and marked the beginning of my pharmacy education journey over 30 years ago. Just imagine a student who had only passed the 10th class entering such a vast diploma program. At that stage, even pronouncing subjects like Pharmacology, Pharmacognosy, and Pharmaceutics seemed impossible. Yet, it was there that I began my journey of learning and understanding the world of pharmacy. With the help of excellent infrastructure, dedicated faculty members, and a supportive learning environment, I gained the knowledge, skills, and confidence that shaped my professional career. The strong foundation laid by the college, particularly in Pharmacology, not only helped me excel academically but also inspired me to pursue a career in drug development. Looking back, my college not only gave me a degree but also showed me the path to excel and contribute to society through pharmaceutical research and medicine. It is inspiring to see the campus continue to thrive and nurture the next generation of pharmacists. I will always remain grateful to G. Pulla Reddy College of Pharmacy for its invaluable role in shaping my professional journey and helping me achieve my aspirations in the field of pharmacy."

G. Venkata Ramana, M.Pharm, Ph.D.
Vice President – Drug Development and Clinical Research
NATCO Pharma Ltd., Hyderabad
D.PHARM, BATCH : 1994-95

"My journey at GPRCP has been truly special. The constant support, guidance, and encouragement from my teachers shaped me into the person I am today. Their focus on practical learning gave me confidence and prepared me for real-life challenges. Dear juniors, learn from your teachers, trust the process, and make every moment count."

B.PHARM, BATCH: 1998-2001

"As you begin your journey into your Bachelor's degree, I want to tell you something that I wish every young student truly understood: these years are not just about earning a degree, they are about building the foundation of the person and professional you will become. Your Bachelor's course is the beginning, the first brick in the building of your future. It may sometimes feel like you are studying subjects simply to pass examinations, but remember that every concept you learn, every practical you perform, every presentation you make, every mistake you encounter, and every challenge you overcome is preparing you for something much bigger. Make the most of your college years. Ask questions. Be curious. Take part in activities beyond academics. Build friendships. Develop communication skills. Learn to work in teams. Read beyond your syllabus. Explore new ideas. And most importantly, discover what you are passionate about. Years from now, when you look back at these college days, I hope you don't remember only the examinations you passed. I hope you remember the friendships you made, the lessons you learned, the challenges you overcame and the confidence you built. Believe in yourself. Stay humble. Keep learning. Work hard. Stay curious. And never stop dreaming. Wishing each one of you an incredible, fulfilling and successful journey ahead."

"Dear Students and Parents,

As you embark on this new academic journey at the G. Pulla Reddy College of Pharmacy and a prospective career in pharmaceutical sciences, let me share some thoughts and experiences of my own at GPRCP that laid the foundation for what I am today. The college and the lecturers gave an in-depth exposure to subjects that aroused a lasting curiosity in me to study fundamental mechanisms, with a strong emphasis on translating discoveries on the bench to the bedside. Learning was always fun at GPRCP, and I have accumulated a lifetime of memories and camaraderie to cherish from the college. I wish you all the very best in your life and a successful career in pharmaceutical sciences."

Best wishes,
Aravind Penmatsa, PhD, FNA, FNASc, FASc
