Leading the tradition of quality and excellence...

ABOUT GPRCP

G. Pulla Reddy College of Pharmacy is established in the year 1994-95, sponsored by G. Pulla Reddy Charities Trust, under the chairmanship of Late Sri G. Pulla Reddy garu, a Philanthropist, social reformer and well known as Sweet Pulla Reddy. He has promoted several educational institutions under the Trust.

The college has turned into silver jubilee years of existence in 2019. During these years there are many milestones & achievements, new courses have been introduced. Infrastructure expanded, updated & modernized the students and faculty excelled in various aspects. In the year 2021 the college was NAAC accredited. G. Pulla Reddy College of Pharmacy envisages to become the centre of excellence for research in Pharmacy. It aims to contribute significantly to drug development and drug discovery.

ABOUT THE DEPARTMENT OF PHARMACY PRACTICE

The Department of Pharmacy Practice was established in 2015. It is well equipped with experienced faculty having PharmD, PharmD (PB) and related M.Pharm speciality qualifications. The department conducts many outreach programs like medical camps, disease awareness & preventive care campaigns, and distribution of medicines for the poor and needy people. Department periodically conducts conferences, workshops, seminars, guest lectures and faculty development programs. The department faculty encourage the student to participate in co-curricular & extracurricular activities. The fifth-year projects & clerkship activities are mentored by clinician in the hospital and by the department faculty. The interns undergo training in various clinical pharmacy services and mentored by clinicians and clinical pharmacists. The department has MOU with AIG hospital and many other organisations.

OBJECTIVES OF THE FACULTY DEVELOPMENT PROGRAM

The highlights of the three-day training program is to provide insights in to clinical research arena and hands on training in various clinical research software such as,

- **Clinical SAS:** Hands on training on clinical SAS used in clinical research
- **Epi info software:** A statistical software for epidemiology
- **Vigiflow software:** Web-based pharmacovigilance management system
- **Clinical Trial Protocol Writing and Research protocol writing**
