NAVIGATING RESEARCH WITH ARTIFICIAL INTELLIGENCE

20th-31st January 2026

Students of the M. Pharmacy III Sem Pharmaceutics Department, attended ten-day workshop at Osmania University titled “**Navigating Research with Artificial Intelligence**” from 20th-31st January 2026 in Osmania University Campus, organised by **University College of Technology, Osmania University, Hyderabad.**

The program provided a comprehensive overview of AI's impact on research, covering topics such as AI as a research partner, the shift from automation to augmented intelligence, and the significance of being AI aware. It included discussions on research ethics and methodologies, demonstrating how AI enhances efficiency in areas like problem identification, literature review, and data processing. We received guidance on scientific writing and transforming research into quality publications. The workshop also explored AI applications in public safety and healthcare, making it a highly informative and practical learning experience. This workshop was very informative, and we learned various AI tools to enhance our research work.
